NOTES

Officers and others who may notice errors or omissions in the List are invited to communicate direct with

THE SECRETARY OF THE ADMIRALTY,
(Editor of the Navy List) London, S.W.1,

mentioning the ship or page affected.

Such communications should be marked "On Her Majesty's Service", and need not be stamped.

The Seniority Lists of Officers on the Retired, &c., Lists will appear annually in the July issue of the Navy List. Otherwise this Navy List includes all retired and emergency Officers serving.

The rates of pay, regulations, &c., are contained in a separate publication entitled "Appendix to the Navy List", which is published in June and December.

No appointments dated after the 18th day of the month of publication can be inserted in the Navy List until the following List is published.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the Secretary of the Admiralty, in order that the necessary alterations may be made in the Navy List and in the Official Records of the Admiralty.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of the degrees held, but generally speaking are confined to degrees of an honorary nature conferred specially upon an Officer and those which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.

The Navy List *is compiled and published by order of the Lords Commissioners of the Admiralty for the convenience of the Service, but, as errors may occasionally occur, Their Lordships must expressly reserve their right to determine the status of any Officer according to the actual circumstances of the case, independently of any entry in the* Navy List.

By Command of Their Lordships,

J. G. LANG.

The above list is issued for the information of Captains of Her Majesty's Ships with reference to the provisions of Article 126 of the Queen's Regulations, under which they are authorised to ascertain whether British Merchant Ships flying the Blue Ensign of Her Majesty's Fleet are legally entitled to do so.

The detailed Regulations issued by the Admiralty and the Ministry of Transport lay down the following conditions relative to the wearing of the Blue Ensign :—

(*a*) If, from any circumstances, the Officer to whom the warrant was issued is not in command of the ship, then the Blue Ensign is not to be worn.

(*b*) If the number of persons on board belonging to the Naval Forces or Naval Reserve Forces specified by the Admiralty Regulations is less than 4 (2 in the case of Asiatic manned vessels), then the Blue Ensign is not to be worn unless it can be shown by the endorsements on the Agreement, or by entries in the Official Log, that the reduction in

the number is caused by death, sickness, desertion or joining a British Man of War, or by some unavoidable casualty. Commodores on the active or Retired Lists of the Royal Naval Reserve, or Commonwealth Naval Reserve, are permitted to fly the Blue Ensign in their own right without the normal quota of reservists.

(*c*) If it should be found that, although the ship is provided with an Admiralty Warrant, the above Regulations are not complied with, a report should be made to the Admiralty if the Officer in Command is on the Retired List of the Royal Navy, or to the Registrar-General in all other cases.

(*d*) If it is found that the ship is flying the Blue Ensign without an Admiralty Warrant and Authorisation, the Blue Ensign should be seized and the case reported to the Admiralty or Registrar-General of Shipping and Seamen as the case may be.
